Turn Your Eyes Upon Jesus

Words and Music by Helen H. Lemmel

Melody:

O soul, are you wea - ry and

troub - led?

No light in the dark - ness you see?

There's light for a look at the Sav - ior,

And life more a - bun - dant and free.

Turn your eyes up - on Je - sus.

Look full in His wonder - ful face,

And the things of earth will grow strange - ly dim

In the light of His glory and grace.

134 GUITAR CHORD SONGBOOK

A page from a guitar chord songbook. It features the title 'Turn Your Eyes Upon Jesus' and the composer 'Helen H. Lemmel'. It includes a melody line with lyrics and a grid of 20 guitar chord diagrams. The chords are: F, F°, Bb/D, F7/C, Bbmaj7, Gm, F/C, C, C6, C7, Bb, Dm6/F, C/E, G/F, D7/F#, G7, Dm, Bm7b5, C#7, D#6. The page also contains the lyrics for Verse 1 and Chorus 1, and a copyright notice at the bottom.

Yesterday chords

The Beatles

G G G G

G F#m B7 Em D C

Yesterday, all my troubles seemed so far away

C D7 G

Now it looks as though they're here to stay

Em A C G

Oh, I believe in yesterday

G F#m B7 Em D C

Suddenly, I'm not half the man I used to be

C D7 G

There's a shadow hanging over me

Em A C G

Oh, yesterday came suddenly

B7 Em D C D7 G

Why, she had to go, I don't know, she wouldn't say

B7 Em D C D7 G D C G

I said something wrong, now I long for yesterday

G F#m B7 Em D C

Yesterday, love was such an easy game to play

C D7 G

Now I need a place to hide away

Em A C G

Oh, I believe in yesterday

B7 Em D C D7 G

Why, she had to go, I don't know, she wouldn't say

B7 Em D C D7 G D C G

I said something wrong, now I long for yesterday

G F#m B7 Em D C

Yesterday, love was such an easy game to play

C D7 G

Now I need a place to hide away

Em A C G

Oh, I believe in yesterday

G A7 C G

Mmm mmm mmm mmm mmm-mmm-mmmmm

Now since you know which frets, I will tell you which strings. The strings are numbered as shown from 6-1. So from left to right, 6, 5, 4, 3, 2, 1. We may earn commission from links on this page, but we only recommend products we back. Why trust us? Mar 8, 2016 Advertisement - Continue Reading Below Yields: 1 serving Prep Time: 0 hours 5 mins Total Time: 0 hours 5 mins 10 tarragon leaves 1 tsp. sugar 1 1/2 oz. dry gin 2 oz. freshly squeezed grapefruit juice 3 oz. tonic water This ingredient shopping module is created and maintained by a third party, and imported onto this page. You may be able to find more information about this and similar content on their web site. In a cocktail shaker, muddle 10 tarragon leaves with 1 tsp sugar. Add ice, 1.5 oz dry gin, and 2 oz freshly squeezed grapefruit juice. Shake, strain into a highball glass filled with ice, then top with 3 oz tonic water. Garnish with a grapefruit wedge and sprig of tarragon. Advertisement - Continue Reading Below Media Platforms Design TeamThe Internet is abuzz about a new study that looked at whether there was a genetic link to the G Spot. The study of more than 1800 female twins didn't find women's reports of having a G Spot to be more common among identical twins as would be expected if there was a genetic basis for the G Spot. Well, at least that was the idea. The trouble, however, is that the study had some pretty important limitations. They asked if women "believed" they had - and I quote - "a so-called G Spot" and gave a pretty precise definition for what they meant ("a small area the size of a 20p coin on the front wall of the vagina that is sensitive to deep pressure"). The trouble is that no one knows if this is a valid way of measuring the existence of the G Spot. Some women may have said that "yes", they believe they have a G Spot because don't all women? Or they may have said "no" if they had heard that it was a myth. Or maybe they would have said "no" if they enjoyed stimulation of the front wall of the vagina but felt like it was a larger area that felt good, not something so small. So, we don't really know what this adds to our understanding of the G Spot or not. What we do know is that women experience pleasure (and sometimes orgasm) in different ways. Some women have never had an orgasm. Nearly all women are probably capable of orgasm but that doesn't mean they will ever have one. Or that they will have them with certain partners or from certain types of sex play. Things such as stress, poor body image, relationship problems, performance anxiety or negative genital self-image can get in the way of women's orgasm. Feeling relaxed, learning to masturbate and finding out what feels good can help a woman to orgasm as can having a partner who wants to please a woman and is open to feedback and creative ideas. In your own sex life, then, I'd encourage you to learn to play together, to explore, to try new things, to open up to each other and to sometimes revisit old things that you haven't done in a while (have sex in a car? in the shower? make out on the couch?). Oh, and if you're wondering? I chose to post a picture of a banana as the front wall of a woman's vagina can often be more easily stimulated with a curved sex toy, curved fingers (as with the "come here" movement) or - anecdotally - maybe even with a curved penis. The G-20 or "group of twenty," is a group of twenty of the most important economies on the planet. It includes 19 independent countries along with the European Union. G-7 The G-20 includes all of the original members of the G-7 along with BRICs (Brazil, Russia, India, Mexico, China, South Korea, and South Africa), and Australia, Argentina, Indonesia, Saudi Arabia, and Turkey. According to the G-20 website, "The economies that make up the G20 represent almost 90% of global GDP and two thirds of the world's population." 1. Argentina2. Australia3. Brazil4. Canada5. China6. France (also a member of the EU)7. Germany (also a member of the EU)8. India9. Indonesia10. Italy (also a member of the EU)11. Japan12. Mexico13. Russia14. Saudi Arabia15. South Africa16. South Korea17. Turkey (an applicant for the EU)18. United Kingdom (also a member of the EU)19. United States20. European Union (members of the EU) Five countries have been invited to participate in the G-20 meeting in 2012 by Mexico, the host country and the chair of the G-20 at the time of the summit: Spain, Benin, Cambodia, Chile, Colombia. list of G-33 members "The G20 has its origin in the 1998 Asian economic crisis. One year later, the finance ministers and central bankers of the most important global economies convened in Berlin, Germany, at a meeting co-sponsored by the finance minister of Canada and the finance minister of Germany. In the wake of the international financial crisis that erupted in 2008, the most serious since the Great Depression (1929), the G20 began to meet at a Leaders' level and has since become the most important forum for global economic and financial cooperation and discussion." "The G20 is an informal forum for discussion between advanced and emerging countries that seeks to strengthen international cooperation and ensure global economic stability... Its main goals are to coordinate macroeconomic policies to strengthen the global economic recovery; to reshape the international financial architecture; and to promote financial regulations to help prevent another crisis, such as the one in 2008, from occurring again." developing countries Wikipedia. Elenaf/Wikimedia Commons/Public Domain Whereas most chords guitarists play are either some sort of major chord (D major, D major7 and D7 all fall into this category) or minor (D minor, D minor7, or even D minor/major7), the Dsus2 chord is neither major nor minor. The good news is, it can often be used in cases where you'd play either a major or a minor chord. The reason the chord doesn't qualify as major or minor is because of the choice of notes it contains. Any major chord contains only three distinct notes - the first, third, and fifth notes of a major scale. A minor chord, conversely, contains the first, flattened (down one semitone) third and fifth notes of a major scale. It is that note in the middle (the "third") that determines whether a chord sounds major or minor. The Dsus2 chord skirts the issue, as it contains the first, second, and fifth notes of a major scale. Because that third isn't represented, the Dsus2 can generally be used in cases where you'd see either a D minor or a D major. Although you may be technically okay to simply play a Dsus2 whenever you see a D major or D minor chord, your ear will often beg to differ. Whereas the sound of a major or minor chord is "static" (you can strum one all day and it'll sound just fine the way it is), the Dsus2 chord sounds like it wants to resolve to a major or minor chord. In plain English, when you play a Dsus2, you're generally going to want to follow it up with either a D minor or a D major chord. You'll often hear the Dsus2 chord in close proximity to a Dsus4 chord. A great example of this is in John Lennon's "Happy Xmas (War Is Over)," in which you'll hear John strumming the following pattern on his acoustic guitar: D major | Dsus2 | Dsus4 | D major The song actually begins on an A major chord, but it nonetheless follows this pattern of major to Dsus2 to Dsus4 to D major. Similarly, you can experiment with playing D minor to Dsus2 back to D minor again. The sus2 and sus4 chords are great ones to use when you're supposed to hold a major or minor chord for a long period of time. Instead of just strumming D major for two bars, for example, you can start on D major, embellish a bit with Dsus2 and Dsus4, and then return to D major.
